COLONEL MARIAN J. MCGOVERN  
SUPERINTENDENT

Massachusetts State Police

SP Springfield

600 Liberty Street

Springfield

May 2, 2011

To: Detective Captain Peter Higgins, CPAC Commanding Officer  
From: Trooper Stephen J. Gregorczyk #3276

Subject: Cambridge and Burr Street

1. On Saturday April 30, 2011 at approximately 1210 hours, I, Trooper SJ Gregorczyk #3276 was radioed by Sgt. Joubert to respond to the area of Cambridge Street in the City of Springfield. There was a double shooting that just occurred on State Street. The suspect was described as a black male thin build, last seen running down Montrose Street toward Burr.
2. I positioned myself at the Oak Grove Cemetery on Bay Street at the intersection of Cambridge Street and monitored the scanner for radio traffic. Within a couple minutes of my arrival I heard a Springfield Police Officer call for assistance at Cambridge and Burr Street over the scanner. I responded to this location and observed Officer Raul Gonzalez conducting a high risk motor vehicle stop on a light colored Chevrolet Impala. I took up a cover position on the passenger side of the suspect vehicle. Officer Gonzalez removed the female operator from the vehicle and directed her to another uniformed Springfield Officer who had arrived.
3. At this point Officer Gonzalez reached near the drivers side seat and activated the trunk release. I moved down the length of the passenger side and took up a cover position directly next to the passenger rear quarter panel. I had a fence to my rear. Officer Gonzalez reached the rear of the vehicle and pushed the trunk open. As the trunk rose I observed a black male in the trunk. He was lying on his right side with his head away from me toward the drivers side of the car. I saw a gun in his hand and then he shot me. I heard and observed a hand gun discharge. I immediately felt the impact of a bullet on my chest. I then squatted to take cover. I heard several rounds being discharged, and began to stand back up to observed the suspect. As I rose the firing stopped and I observed the subject in the trunk to be Tamik Kirkland, A Department of Correction escapee.
4. Kirkland had been struck by several rounds, and at this point still had a handgun in his right hand. I then reached to extract the weapon from his hand when I observed his hand begin to move the weapon. As a result, I employed a striking technique with my right hand, while reaching for the weapon with my left hand. I removed the weapon and took possession of it and assisted in the arrest of Tamik Kirkland. I then subsequently turned Kirkland's weapon over to a Springfield Detective.

5. I then turned to Officer Gonzalez who was struck by a bullet and began to check him for injuries. I determined that he had no obvious injuries. At this point uniformed Officers from Springfield Police arrived to take control of Kirkland and the scene.
6. I eventually went to the hospital for evaluation and was later released with a contusion to my upper chest which reflected where the impact from the round was on my body armor.

Respectfully Submitted

  
T. J. Gregorczyk #3276
