Re: 11-1655-AR Tamik Kirkland

Sir,

★ On May 6th 2011, I responded to Bay State Medical Center's Daly Wing Room 5218 where I met Officer Mark Crutchfield and several members from the Department of Correction. Once there, I took a set of fingerprints and photos of a Mr. Tamik Kirkland. ★

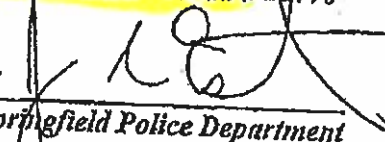

Mr. Kirkland had a cast on his right hand which covered his wrist and fingers completely. Due to this fact, I was only able to get the fingerprints from his left hand fingers (four finger slap) onto a booking sheet associated with his arrest (11-1655-AR).

Mr. Kirkland attempted to sign the booking sheet but due to the fact he is right handed was unable to sign a legible signature with his left hand.

Photos have been downloaded to the arrest report.
